Heathrow Cargo Shed Codes

Operational handler truth × HMRC regulated truth for every Heathrow (LHR) cargo shed

25 operational sheds · 197 HMRC-registered · Updated 2026-04-27

DRAFT — UNDER EXPERT REVIEW

This document is under curation. Data is not yet consolidated across overlapping HMRC codes (some records may appear twice under old and new codes). Not for operational use. Expected publish: later April 2026.

Review comments welcome via contact@freightutils.com.

Confidence tiers

Verified — operational record matches an active HMRC ITSF/ETSF registration.
Community — email or detail was contributed by an industry peer (not an official handler channel).
Pending verification — operational data flagged as partial, uncertain HMRC mapping, or pending on-site confirmation.
Operational only — shed is in active operational use but has no current HMRC registration (includes HMRC-deregistered codes).
HMRC only — an HMRC-registered Heathrow location without an operational record in our dataset.

Spot something wrong? Email corrections to contact@freightutils.com — include the shed code and what you know to be accurate.
